FROM SUMNER STAR

Albert Zurcher, the nine-year-old son of Albert Zurcher, the jeweler, ran into the street in front of his father's store Saturday evening directly into the path of a car driven by E. B. Dobyns. The car was moving at a very moderate rate, but the action was so sudden the driver could not stop, and the contract with the boy broke one of the lenses in the car. Young Zurcher has a bad cut on the arm and was bruised considerably, but fortunately no bones were broken and he will soon be around again.

J. T. McCormick has begun erection of his new residence near the site of his present dwelling, and when completed it will be one of the finest modern homes in the country.

ern homes in the country.

Some time Sunday night a thief broke into the office of the Sumner-Forker Grain Co. and took \$65.00 in cash from the safe, which was locked, but the combination of which evidently was known by someone besides Mr. Wright.

Steve Atkins and wife and Mrs. Walter Prather of Browning were here between trains Tuesday to visit their sister, Mrs. C. W. Northcott, who has been quite ill the past two weeks.

A number of bottom farmers whose crops were taken by the flood can make not only good living, but some extra good money this fall and winter strip-mining coal along the banks of the Grand river. Even if the striking miners should resume work

immediately there will be a fuel shortage this winter and coal is bound to bring a handsome figure.

No water protection.—Fire, which originated in one of the upstairs rooms, destroyed the Kilpatrick residence, a mile east of Sumner, about nine o'clock Monday night. Earl Robinson and wife and their little baby daughter were the only ones at home. Iko and Charley being in town and Mr. and Mrs. Kilpatrick being at Chillicothe on a visit. Earl and his wife had retired when Mrs. Robinson thought she heard a cat in the house. Earl arose to put out the cat and as he opened the stair door he was met by a flame which nearly swept him off his feet. Help was phoned for, but before the crowd could get there from town the top floor was in flames.

Nearly everything on the ground floor was saved. The loss was only partly covered by insurance, all of their clothing and some valuable jewelry being consumed. The family will be domiciled temporarily in their garage until they rebuild, or possibly move their town residence to the country.
